TRINCHEM

## COMPANY PROFILE

TOGETHER WE CAN BUILD SUCCESS

## ABOUT US

Trinchem (Pty) Ltd was founded in 2022, formed by a dynamic team of experts from diverse professional backgrounds, including the animal feed industry, finance, and engineering. Our rich collective history of over 60 years, serving the animal nutrition, petroleum and oil refineries, and mining industries, defines who we are today and paves the way for our future.

We deliver high-quality chemical products and services to our customers. We understand our customers' needs and are dedicated to sourcing the best and most cost-effective solutions for their product requirements.

Under the skillful leadership of our director, Jason Moodley, we are dedicated to upholding our high standards and ensuring our customers always receive the best from Trinchem.

## WHY CHOOSE TRINCHEM?

**Customer Focus:** At Trinchem, your success is our success. We place significant emphasis on understanding your business, your industry, and your unique needs. This customer-centric approach ensures we deliver solutions that are aligned with your specific objectives.

**Leadership:** With a strong, decisive leadership team we are able to make quick and informed decisions that contribute to your business's competitive edge.

**Technology and Innovation:** We are constantly pushing the boundaries of what's possible in our industry. Our commitment to using state-of-the-art technology and pursuing innovation enables us to offer you solutions that are both cutting-edge and practical.

**High Adaptability:** The business landscape is ever-evolving, and so are we. Our ability to adapt swiftly to changes in the market or in your business needs ensures we provide you with relevant solutions at all times.

**Speed to Market:** Our efficient processes and strong industry relationships allow us to bring products to the market swiftly, providing you with the solutions you need, when you need them.

**Unique Product and Knowledge:** Our expertise in the animal nutrition, oil refineries, and mining industries, combined with our unique product offerings, give you a distinct advantage. You gain access to solutions that are customised, effective, and not readily available elsewhere.

**Diversification of Products and Services:** Our broad portfolio of products and services caters to a wide array of needs, giving you the convenience and flexibility of finding diverse solutions under one roof.

**Customer Service Excellence:** We're not just about making customers; we're about creating lasting customer satisfaction. Our dedication to providing exceptional customer service means that we go the extra mile to ensure your experience with us is nothing short of outstanding.

**Efficiency and Productivity:** We understand that in business, time is money. We uphold excellent efficiency and productivity in our operations, delivering quality products swiftly, to keep your business moving forward.

### OUR VISION

To be the global chemical distribution company of choice, universally recognised for our integrity, our commitment to company values, and our world-class service that makes a remarkable difference for our clients.

### OUR MISSION

To offer exceptional service within our professional discipline, aligning with statutory practices, codes of conduct, and the highest standards of integrity. Our commitment extends to driving customer success and industry advancement, as we navigate the path of continuous growth and improvement.

### OUR VALUES

Guided by our strong values, we innovate relentlessly, take responsibility for our actions, operate with utmost integrity, reward collaboration, and continuously seek excellence in serving our clients, team, and community.

## WHAT WE OFFER

**Animal Nutrition:** We provide a variety of solutions for monogastric and ruminant nutrition, combining science and innovation to improve animal health and performance. Our products include Limestone Grit, Feed Lime, Lysine, Methionine, Mono Calcium Phosphate, Sodium Bicarbonate, Urea and Feed Grade Salt.

**Mining:** We offer a wide range of specialised chemical solutions to help optimise mining processes and improve efficiency. Our products include Flotation Reagents, Caustic Soda, Sodium Sulphate, Soda Ash and Zeolite.

**Petroleum and Oil Refineries:** We provide a comprehensive portfolio of chemicals and services for petroleum and oil refineries. Our offerings help improve productivity, efficiency, and safety in refinery operations. Our products include Caustic Soda, Sulphur Sol, Hydrogen Peroxide and Mono Ammonium Phosphate.

## MEET OUR DIRECTOR

**Jason Moodley** brings to Trinchem an impressive portfolio of knowledge and expertise. With an MBA, a BSc in Software Engineering, and an S4 in Electronic Engineering, Jason possesses an educational background that combines business acumen with deep technical knowledge.

With over 15 years of experience in the medical electronic space, Jason has skills in providing exceptional customer service in a demanding, rapidly-evolving industry.

Jason believes in the power of loyalty, a value he actively cultivates within our team. He is always accessible, demonstrating a hands-on approach to leadership and an open-door policy that encourages collaboration and communication. His creativity is the spark that often leads to innovative solutions, and he promotes this same creativity within his team.

His leadership style and dedication to customer satisfaction are the driving forces behind Trinchem's success. Under his direction, we continue to grow, innovate, and uphold our commitment to delivering exceptional service and products to our clients.
